# The District of Columbia Air National Guard

Is an Equal Opportunity Affirmative Action Employer

**Technician Announcement Number:** 07-042

**Position:** Aircraft Ordnance Systems Mechanic, WG-6652-10/08/05, F1527000

**Brief Description of Duties:** Troubleshoots, installs, removes, repairs, modifies, adjusts, inspects, and tests such components as regulators, flow indicators, actuator motors, thruster and positioning mechanisms, seat actuators, catapult guide rails, ejection seats, rocket packs, and canopies, etc. Inspects for safety, serviceability and maintainability of systems prior to installation, removal, repair, or adjustments of components and insures proper installation and positioning of safety pins, initiators, simulators, and dearming mechanisms. Visually inspects ballistic lines, tubes, hoses, and linkage for damage, deterioration, restrictions, and security of connections and mountings, and performs corrective maintenance as required. Stores egress explosives IAW AFOSH standards. Inspects pressurization system air pressure gauges for sufficient pressure and bottles and regulators for general condition and serviceability. Checks canopy and capsule structure and associated seals, latches, and locks for damage and security. Installs and maintains Jet Assistance Take Off (JATO) systems when applicable. Isolates the malfunction and takes necessary corrective action. Positions, repairs, and adjusts required aerospace ground equipment, such as rail extensions, hoists, slings, dollies, and trailers used in performing maintenance tasks. Performs installation, modification, and repair of aircraft egress systems. Solves unusual installation and maintenance problems by studying layout drawings, schematic and wiring diagrams, applicable technical publications, and analyzing construction and operating characteristics of egress systems. Selects proper maintenance and repair procedures and corrects the malfunction and/or defective equipment. Diagnoses recurring malfunctions and recommends corrective action by initiation of Quality Deficiency Reports, proposed modifications, or other appropriate action. Performs Time Compliance Technical Orders (TCTO's) related to egress systems. Prepares for and participates in various types of readiness evaluations such as ORI, IG and UE inspections, mobility, and command support exercises. Incumbent may be required to prepare for and support the mission through the accomplishment of duties pertaining to military training, military readiness, force protection and other mission related assignments including, but not limited to, training of traditional Guard members, CWDE/NBC training, exercise participation (ORE/ORI/UCI/MEI/OCI/IG, etc.), mobility exercise participation, FSTA/ATSO exercise participation, SABC training, LOAC training, weapons qualification training, participation in military formations, and medical mobility processing within the guidelines of NGB/ARNG/ANG/State/TAG rules, regulations and laws. Performs other duties as assigned. Performs other duties as assigned.

**Qualifications:** WG-10

**General Experience:** Experience, education, or training which demonstrates the applicant's ability to repair malfunctions of ordnance equipment and components, to use sketches, electrical diagrams, technical specifications and engineering drawings in accomplishing their work. Must be skilled in the use of test equipment to make electrical, hydraulic, and pneumatic checks.

**Specialized Experience:** Must demonstrate **Eighteen (18) months** experience in which the following Knowledge, Skills, and Abilities (KSA's) as described below have been attained.

## **Knowledge, Skills and Abilities (KSA's) Statements - WG-10**

- A. Knowledge of and skill in repairing, modifying, assembling and adjusting aircraft egress system equipment.
- B. Skill in the use of diagnostic and testing equipment.
- C. Ability to troubleshoot the aircraft egress system which requires knowledge of the interaction of several subsystems.
- D. Ability to use hand tools & measuring instruments.
